Four Spiritual Truths About Hell And The Afterlife

(Luke 16:19-31)

- 1. A person retains their identity** - Hell is not remedial (it does not fix you; there's no remorse, no repentance)
- 2. A person retains their senses**- they see, they hear, they feel, they remember (there's no Alzheimer's in Hell)
- 3. Everyone goes to one of two destinations:** Heaven or a real place called Hell.
- 4. Once a person arrives at their destination they are there forever.**
